

# Counseling Interview Guide

Congratulations! You have reached the final step in the admission's process for the Master's of Science in Counseling Program. Now faculty get the opportunity to meet and learn about you, and you get to meet and learn more about us! The following is a guide to assist you with your upcoming group interview.

## Be Prepared

\* Review the GMercyU website, [www.gmercyu.edu](http://www.gmercyu.edu), and become familiar with our history, degree programs, faculty, mission statement, and core values.

\*Dress Professionally-interact professionally.

\*This is an electronic interview and attendance via a working computer (not a cell phone, tablet, etc.) with stable internet is highly recommended.

## What to Expect

\*You do not need anything for the interview unless you would like to take notes.

\*The interview is about you-how you think, relate, communicate, and interact. Most questions are not structured for a clear right or wrong answer.

\*It is important that you are yourself, and that you contribute to the conversation.

We are very excited to have this opportunity to meet you. Should you have any questions prior to the interview please refer to the interview invite or contact your enrollment representative.
