

## **Professional Disposition Questionnaire**

This Questionnaire reflects your perceived leadership characteristics, rationale and desire for pursuing leadership, and your expectation of knowledge and skills to be gained by enrolling in this program.

It is requested you respond in detail and be as specific as possible. Your responses do not have to be lengthy but provide enough detail to answer each question completely.

Copy each question and provide your response directly under each question.

1. Describe your reason for pursuing a degree and/or certification in educational leadership.
2. Explain the personal characteristics and attributes you feel you possess that are critical for effective educational leadership?
3. Describe your beliefs regarding the importance of a leader in promoting diversity and equity for all students, teachers, and the organization at large.
4. Explain why critical thinking, collaboration, and maintaining professional and ethical standards are important for effective leadership.
5. Detail how you currently respond to criticism and feedback from a superior particularly when you feel you have made a good decision or acted in a manner you deem was appropriate.
6. Explain why time management, meeting deadlines, and self-care are important attributes for school leaders and why?
7. Describe the Importance for educational leaders as being life-long learners and the value of using research to inform practice?
8. Name the specific knowledge, skills, experiences, and/or characteristics you desire to gain by completing this program?
